

Mixer Selection & Enquiry Form

Client

Name: _____

Tel: _____

Contact Person: _____

Email: _____

Description of Vessel:

Vessel total volume: _____ Litres

Actual mixing volume, max _____ litres

Actual mixing volume, min _____ Litres

Vessel dimension: Height: _____ mm

Diameter: _____ mm

Jacketed bottom: Yes No

Bottom shape: Dished Conical

Description of Fluid:

Viscosity: _____ cP

Temperature: Min _____ °C Max _____ °C

Flammable: Yes No

Density: _____ g/L

General description of product composition: _____

Description of application and performance:

Vigorous mixing with aeration: Yes Non important Absolutely not

General mixing, salt solutions

General mixing, protein solutions

Gentle mixing, to keep up suspensions

Gentle mixing, delicate cell suspensions

Mixing / emulsifying

Heat transfer application

Additional information to the above marked application: _____
